## INSURANCE FOR EVERY SOLDIER BEING PLANNED

COUNCIL OF DEFENSE WILL GO  
OVER PROPOSED PROPOSITION  
AT MEETING TO BE HELD EARLY  
DURING COMING WEEK

\$4000 AMOUNT SUGGESTED

Study of Situation Said to Royal  
Many Advantages in Favor of Free  
Life Insurance Policy as Against Old  
Established Pension Plan

In preparation, some 10 plans for  
the insurance of every soldier—providing  
for the life of every American  
soldier will soon bring the war  
into consideration in one of the big propo-  
sitions to be taken up next week in  
the council of national defense.

It was agreed today that such in-  
surance should be provided before  
any new plan is sent to Congress. Government  
should be given a free choice of plans in  
order to avoid the criticism of  
not having the best plan.

SIX SCHOOLS WILL  
TURN OUT CLASS OF  
FLYERS EACH WEEK

FIRST CLASS OF TWENTY FIVE  
TO BE GRADUATED ON  
AUGUST FIRST

THE FIGHTING IN Europe is now  
so intense that it is difficult to  
keep up with all the news. The  
war has just started in Asia  
and Africa, and the  
situation is rapidly changing.

Each school of aviation will be  
able to turn out a class of twenty-five  
pilots each week. This will be  
done by the British and French  
air forces, and the Americans will  
soon follow suit.

## BRITISH AVIATORS RAID GERMAN BASE ALONG WEST COAST

Italian Troops Make Small Gain  
In Drive on Trieste--Ger-  
mans Capture French  
Positions

An advance  
and a quarter from  
by the Germans that  
positions northeast of  
and a raid by British aviators  
on the German base along  
the German coast constituted the  
chief news developments in the various war theatres Saturday.

Aide from news from the actual fighting zones, occur-  
rers in Brazil and southern Russia bear important relations  
to the war.

Brazil, by seizing 46 German ships interned in Brazilian ports today, added nearly 300,000 tons to the world's carrying trade at a time when such tonnage is urgently needed. This is the first important act on the part of Brazil since the recent revocation of her decree of neutrality.

In consequence of the Russian royalist riots in Tiflis, in the trans-Caucasian government of southern Russia, Grand Duke Nicholas, formerly chief in command of the Russian armies, has been arrested.

Although both the Kaiser and Hindenburg assert that the Anglo-French offensive on the western front has failed after several weeks of effort, a French official statement says that the Germans have lost more than 52,000 prisoners alone during the French and British drives.

The Kaiser says that fighting in France has reached a "certain conclusion." Whatever he intends to convey by this statement, it is shown that since April 1 the British have advanced on the 20-mile front to a depth of six miles. During the same time the French have made approximately the same advance over a 15-mile front. Emperor William also has congratulated Emperor Charles on "the failure of Italian attacks on the Isonzo front."

that the Senate will provide that  
there will be no let-up in the work  
of the railroads.
